

ARE YOU MAXIMIZING THE VALUE OF CLOUD?

FUEL CRITICAL DECISIONS WITH REAL-TIME CLOUD INSIGHTS

The promises of increased flexibility, agility, and cost savings are driving CIOs to rapidly migrate applications, workloads and data to cloud.

But, are you using cloud to unlock ALL the value from your data to maximize what you can do for your agency?

Hitachi Vantara Federal cloud services can help.

TAKE THESE THREE STEPS TO MAXIMIZE THE VALUE OF THE CLOUD.

1

Build a Complete Cloud Strategy

Achieve Improved Flexibility, Agility and Better Economics

Modernize Applications
Automate Processes
Cloud-Agnostic Deployment

Integrate Your Data
Gain Intelligent Insights
Power Decisions With Analytics

Leverage Technology
Optimize for Multicloud
Improve Service Delivery

2

Select the Right Cloud Infrastructure

Private

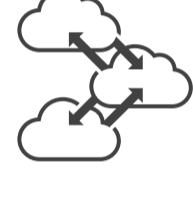

Leverage cloud managed services that are pre-engineered and ready for your unique on-premises needs with Hitachi Enterprise Cloud.

Public

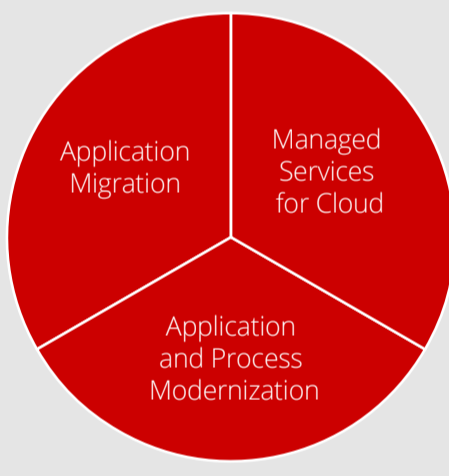

Migrate, modernize and manage your applications to maximize their efficiency and effectiveness in the cloud with Hitachi Vantara Federal cloud services.

Hybrid

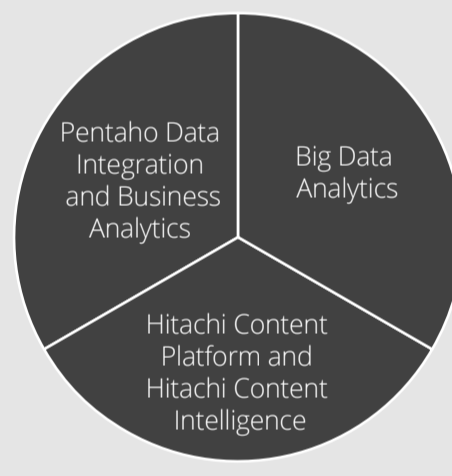

Maximize high availability and disaster recovery with a hybrid cloud approach that provides greater flexibility and portability for applications, workloads and data.

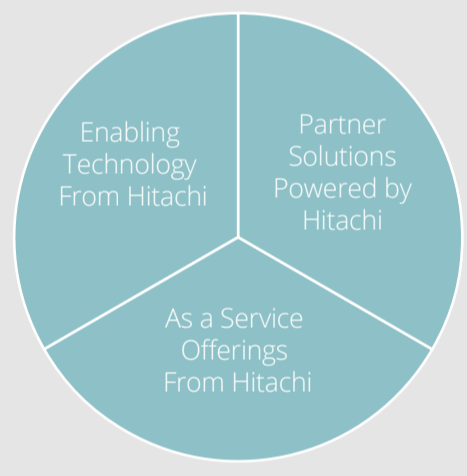

Cloud Applications

Cloud Data and Analytics

Cloud Infrastructure

3

Transform Your Agency With Cloud-Agnostic Services

MIGRATE

Cloud Migration Services from Hitachi Vantara

can help you pool data in the cloud to prepare for actionable insights; rehost and reinstall applications in the cloud; or move legacy applications to a more modern cloud environment.

MODERNIZE

Cloud Application Modernization Services from Hitachi Vantara

can help you modernize your apps during the move to the cloud, making them more agile and cloud-aware in the process.

MANAGE

Cloud Operations Services from Hitachi Vantara

can help you manage data and applications in the cloud more effectively, extracting more value out of your data and improving application efficiency.

Accelerate, Innovate and Automate in the Cloud
